## Managing the Side Effects of Psychotropic Medications

Joseph F. Goldberg, M.D., M.S., and Carrie L. Ernst, M.D.  
Foreword by Stephen M. Stahl, M.D., Ph.D.

This excellent and unique work deconstructs complex scenarios into understandable components, providing invaluable guidance to clinicians as they consider options for managing adverse drug effects that range from the common to the most serious. Cowritten by a research psychopharmacologist and a consultation-liaison psychiatrist, this book fills a void in the literature, helping mental health practitioners assess the risks and benefits of specific psychotropic medications and undertake strategies for managing adverse effects.
