

Anxiety and Stress-Related Disorders

This section contains a compilation of recent publications that have shaped the thinking in the field as well as classic works that remain important to the subject reviewed in this issue. This bibliography has been compiled by experts in the field and members of the editorial and advisory boards. Entries are listed chronologically by first author. Articles from the bibliography that are reprinted in this issue are in bold type.

2020

- Bandelow B: Current and novel psychopharmacological drugs for anxiety disorders. *Adv Exp Med Biol* 2020; 1191:347–365
- Garakani A, Murrough JW, Freire RC, et al: Pharmacotherapy of anxiety disorders: current and emerging treatment options. *Front Psychiatry* 2020; 11:595584**
- Janiri D, Moser DA, Doucet GE, et al: Shared neural phenotypes for mood and anxiety disorders: a meta-analysis of 226 task-related functional imaging studies. *JAMA Psychiatry* 2020; 77:172–179**
- Konstantopoulou G, Iliou T, Karaivazoglou K, et al: Associations between (sub) clinical stress- and anxiety symptoms in mentally healthy individuals and in major depression: a cross-sectional clinical study. *BMC Psychiatry* 2020; 20:428
- Levey DF, Gelernter J, Polimanti R, et al: Reproducible genetic risk loci for anxiety: results from ~200,000 participants in the Million Veteran Program. *Am J Psychiatry* 2020; 177:223–232
- Rauch SAM, Simon NM, Rothbaum BO: Rising tide: responding to the mental health impact of the COVID-19 pandemic. *Depress Anxiety* 2020; 37:505–509**
- Ressler KJ: Translating across circuits and genetics toward progress in fear- and anxiety-related disorders. *Am J Psychiatry* 2020; 177:214–222**
- Taylor S, Landry CA, Paluszek MM, et al: Worry, avoidance, and coping during the COVID-19 pandemic: a comprehensive network analysis. *J Anxiety Disord* 2020; 76:102327
- Thom RP, Keary CJ, Kramer G, et al: Psychiatric assessment of social impairment across the lifespan. *Harv Rev Psychiatry* 2020; 28:159–178
- Williams T, McCaul M, Schwarzer G, et al: Pharmacological treatments for social anxiety disorder in adults: a systematic review and network meta-analysis. *Acta Neuropsychiatr* 2020; 32:169–176
- Woods BK, Sauer-Zavala S, Farchione TJ, et al: Isolating the effects of mindfulness training across anxiety disorder diagnoses in the unified protocol. *Behav Ther* 2020; 51:972–983

2019

- Breilmann J, Girlanda F, Guaiana G, et al: Benzodiazepines versus placebo for panic disorder in adults. *Cochrane Database Syst Rev* 2019; 3:CD010677

- Keefe JR, Chambless DL, Barber JP, et al: Treatment of anxiety and mood comorbidities in cognitive-behavioral and psychodynamic therapies for panic disorder. *J Psychiatr Res* 2019; 114:34–40
- Schuch FB, Stubbs B, Meyer J, et al: Physical activity protects from incident anxiety: a meta-analysis of prospective cohort studies. *Depress Anxiety* 2019; 36:846–858
- Slee A, Nazareth I, Bondaronek P, et al: Pharmacological treatments for generalised anxiety disorder: a systematic review and network meta-analysis. *Lancet* 2019; 393:768–777
- Torvik FA, Rosenström TH, Gustavson K, et al: Explaining the association between anxiety disorders and alcohol use disorder: a twin study. *Depress Anxiety* 2019; 36:522–532

2018

- Ait-Daoud N, Hamby AS, Sharma S, et al: A review of alprazolam use, misuse, and withdrawal. *J Addict Med* 2018; 12:4–10
- Cramer H, Lauche R, Anheyer D, et al: Yoga for anxiety: a systematic review and meta-analysis of randomized controlled trials. *Depress Anxiety* 2018; 35:830–843
- Danforth AL, Grob CS, Struble C, et al: Reduction in social anxiety after MDMA-assisted psychotherapy with autistic adults: a randomized, double-blind, placebo-controlled pilot study. *Psychopharmacology (Berl)* 2018; 235:3137–3148
- Kim HS, Kim EJ: Effects of relaxation therapy on anxiety disorders: a systematic review and meta-analysis. *Arch Psychiatr Nurs* 2018; 32:278–284
- Leichsenring F, Steinert C: Towards an evidence-based unified psychodynamic protocol for emotional disorders. *J Affect Disord* 2018; 232:400–416
- Mithoefer MC, Mithoefer AT, Feduccia AA, et al: 3,4-methylenedioxymethamphetamine (MDMA)-assisted psychotherapy for post-traumatic stress disorder in military veterans, firefighters, and police officers: a randomised, double-blind, dose-response, phase 2 clinical trial. *Lancet Psychiatry* 2018; 5:486–497
- Strawn JR, Geraciotti L, Rajdev N, et al: Pharmacotherapy for generalized anxiety disorder in adult and pediatric patients: an evidence-based treatment review. *Expert Opin Pharmacother* 2018; 19:1057–1070

Vollbehr NK, Bartels-Velthuis AA, Nauta MH, et al: Hatha yoga for acute, chronic and/or treatment-resistant mood and anxiety disorders: a systematic review and meta-analysis. *PLoS One* 2018; 13:e0204925
